LEARNING WITHOUT LIMITS · SPECIALIZATION CERTIFICATE

UC San Diego

8 Courses

08/14/2016

Scott Krause

has successfully completed the online, non-credit Specialization

Interaction Design

Upon completion of this Specialization, this learner has learned how to design technologies for people. The learner has generated design ideas, prototyped them, and used these prototypes to get feedback from stakeholders. The learner has also learned principles of visual design, perception, and cognition that inform effective interaction design.

Scott Klemmer, Associate Professor
